

在現今知識經濟社會中，要有好的前途，同學們有良好的溝通能力，能夠有自信的表達自己；有解難能力，遇到問題懂得尋求解決方法；有協作能力，能夠和他人好好合作，這些能力是重要的，因此，除了正規的課堂學習，學校亦希望透過不同的活動，讓同學在實際的環境中，去掌握及運用這些能力。

2017年3月17及18日，四十位「赤子情中國心」的體驗大使由校長及老師帶領，前往澳門及珠海參觀，體驗兩個特區的不同文化及最新發展，亦認識孫中山先生及馬禮遜牧師兩位偉人的事蹟。

出發前，體驗大使須搜集有關兩個特區和兩位偉人的資料，於早會向同學介紹；旅程中，同學將自己的所見所聞記錄下來，完成學習日誌及個人感想，部分同學更整理資料，製作圖報，向其他學生及家長區區體驗之旅的成果。

體驗大使區區在旅程中，不同的經歷有不同的學習，例如：食自助餐應注意的用餐禮儀和在酒店內進行火警演習須要注意的安全意識，亦學習運用高階思維，去比較兩個特區和兩位偉人的異同。

在整個過程中，同學明白學習的信心不是來自不會做錯，而是來自不怕做錯，遇到問題懂得反思，尋求解決方法，就像孫中山先生及馬禮遜牧師兩位偉人一樣，不怕困難，為理想努力不懈。

期望蓋蓋花沃小學的同學，透過不同的學習活動，能掌握良好的溝通能力、協作能力和解難能力，在不同的學習過程中，都充滿信心。

校長的話

活著就是祭

今年夏天，木棉花的種子隨著機噐散播沒完沒了。科學家再次發出警告：地球暖化節奏明顯，拯救這個藍色的星球，刻不容緩。木棉是一種很有價值的植物，先開花後長葉。與鮮豔豔麗，有「英雄樹」的美譽。除了常見豔紅的花朵外，原來也有黃花，成因也有趣：大家可找資料看看。

相對而言，小學生升學的壓力較小，六月份有考試，反觀在整個中學學業多少。但學校生活中不會只講求學業，課外活動也有其重要性，學生選擇種種不同的項目，陶冶性情，掌握了技巧，自信也隨之成長。是以本校的制訂宗旨，一直堅持學生多參與、多體驗、多發展。

在五月最後的一個週末，舉行一年一度的「才藝匯演」，讓學校的學生在輕鬆愉快的氣氛中，盡情展現才華。舞蹈、樂器演奏、歌詠、花式跳繩、中國武術、跆拳道、朗誦、口才表演各自在精彩；無論古典現代舞劇，還有Hip Hop，真是目不暇給。學生不是專業藝人，但不論舞蹈的肢體量已有經驗，都盡百分百的努力；務求做到最好。哪一個項目應酬？當然要大合唱！全日演出近三百名學生齊集舞台，在音樂老師指揮下唱出主題「活著就是祭」。

不曉得今天會不會得獎，我在何時何處已發表，心兒裡今天我還可以繼續，請你伴隨我力量。
 一篇書必須用心閱讀，金在台前幕下演習，將學習轉化為所屬的真理，理應別無他道。
 (詳細編)活著就是祭投入用精力用我口，精製成奇妙的心靈編織地，榮耀在台上唱，即使插入遺棄，亦要借用潮浪伴舞。
 我知這，活著就是祭美日夕伴我走，要變細個個厚度，轉出一生也不停，只就展露成績，為這地這地上一聲聲聲影影。
 (全人為祭，星幕幕，強強強，樹出一切，獻出聖名，夢想開成。)

台下的觀眾情不不禁地走近台前，要把美好的一刻留住；把學生可愛的臉容都記。是的，活著，就可展現出生命的美麗；活得精彩，就是展現給神最好的，對神的喜悅。木棉花開風聲，展現生命奇妙；在學小，學生找到屬於自己的舞台，建立自信，開展美好的人生。求慈愛的天父，為自己的名，引導、保守每一個孩子，得生命，並且活的更豐盛。

多元智能 潛能盡展

一年一度的才藝匯演是同學歡歌、跳躍、盡情展示的日子：早、午兩場的匯演，凝聚了活力滿溢的舞面(現代舞、Hip-Hop、日本舞和中國舞)、花式跳繩、跆拳道和中國武術；揉合了樂器悠揚的手鈴、手鈴、長笛、小提琴、陶笛、手風琴、木笛、葫蘆絲和合奏團；也匯集了久經訓練的英語話劇、英語朗誦和小提琴的對奏串燒。會台演出的同學近三百人次，台下歡賞的專業家長不下六百位。一六一至一七年的才藝匯演實在星輝點點，也預約了未來更燦爛的舞台。

中文科

這群學生，學懂讀了高質素的英文書籍及活動，他們在英文科中，設計了五年級「以讀帶寫」教材，優化原有的寫作教材，寫作時學能以以說文為主題。學生學習說說文的構思策略(先寫後說、先寫後讀)，增加學習的可讀性，此外，下學期亦加入說說文寫作，讓學生學習如何寫說文的構思及寫作技巧。

English

New English teachers

This year we have two extra native English speaking teachers from America, Ms. Cassie and Ms. Emily. They had lessons with Primary 5 and Primary 6 students. This aroused students' interest in learning and gave them an opportunity to use English in an authentic way. During the lessons, students participated in English games such as guessing games and spelling games. They enjoyed using the English to communicate with Ms. Cassie and Ms. Emily. Students liked the lessons very much.

Supported reading for Primary 5 students

In order to develop students' reading skills and expose them to more vocabulary, supported reading lessons were conducted in Primary 5 this year. The book "Walter's Worries" was used. It is about a dog named Walter who worries a lot. His friend, Maisee, tries to help him find a job but things don't always go as planned. The free-breathed Mr. Walter made him get into trouble after the dinner.

After reading the book, the students wrote another chapter for the book. They thought about the ideas and shared them in groups and also in class. By doing so, the students could practise their speaking, listening and writing skills.

With the help of the teacher, the students not only worked more efficiently and effectively with the book's ideas but also learnt important skills to help them become confident and independent readers.

Let's read some of the students' work.

Walter's Worries 2017

A new chapter for the book Walter's Worries—A Job in a Crematorium

By Liu Yuk Ming, Tommy

The next day, Maisee and Walter were walking in a village. They heard a loud crying sound.
Maisee said, "Oh! I know what job you can find!"
Walter asked, "What job is that?"
"You can be a dog who burns dead bodies," Maisee replied. They went to the crematorium.
I feel very afraid," screamed Walter.
"Don't be afraid. Think about the flowers, the trees and the blue sky. Breathe in and out, in and out. I will support you. Just do it!"
Walter thought about the flowers, the trees and the blue sky. Then he breathed in and out, in and out. He went to the crematorium. The boss looked at him and thought he would do a good job.
"Now, when Walter was burning the dead bodies, there was a wind."
"Whoosh," Walter sneezed and he put the crematorium on fire.
"Oh no!" he said.
In the end, Walter was fired again.
He was very sad and cried, "We don't have food to eat again."

A new chapter for the book Walter's Worries--The Barbeque Site

By Yung Nga Lam, Zita

Walter and Maisee walked and walked. After a while, they saw a barbeque site.
"Oh! We can make fire for people!" said Maisee happily.
They found the barbeque site keeper and told him that they wanted to help him. He looked at Walter and Maisee suspiciously because he didn't know whether he should employ them or not.
Then, the barbeque site keeper said, "OK, you can help me now."
Walter was happy.
After a while, Walter and Maisee started to make fire for people. The food wasn't delicious! Walter was very excited to help more people. He was so excited that he coughed. He coughed and coughed, "The air that fits our lungs aren't good!"
Maisee tried to comfort Walter, she said, "Think about the flowers, the trees and the blue sky. Let's breathe in and out, in and out."
Walter coughed down and started to make fire again. However, he coughed again! He was coughing while he was making a fire for a family. He accidentally set out a barbe and he burnt the barbeque site.
The barbeque site keeper was furious and he started, "Don't come back again! Ever!"
Walter lost his job again! He was very sad as he sat on the rocks next to the path.

A new chapter for the book Walter's Worries--Go Mining

By Kwong Ka Shing, Alex

After that day, Walter and Maisee walked on a dark wood road.
"Now we have no jobs, how unlucky we are!" cried Walter.
Maisee told him to think about the flowers, the trees and the blue sky. They were walking back to their home when they saw a piece of paper stuck on the wall.
Coal Miner
Earn money in a MINE CAVE!
54-109 Cave Road.
Let's get this job! said Maisee.
On the first day of work, things were going good until...
Walter was burning coal inside the cave. Suddenly, there was a voice at the end of the passageway.
Maisee yelled, "Run!"
A mini car crashed into Walter's tail and Walter crashed into the coal.
"Hi!"
Walter turned a few circles in the air and fell into the coal. The dust from the coal got inside Walter's nose.

"A...a...aaah-choo!"
A big red fire came out from his nose. The fire in the mine started to burn. Many miners came out of the exit. At last, no one was hurt!
An owl flew over and saw the fire.
"Oh my! Tomorrow! Tomorrow! I think I need to fly away as quickly as I can," said the owl.
The businessman looked at his cow and smiled, "My cow, my business."
He turned to Walter and pointed at him.
"You're ugly! Get out of my sight! He roared.
Walter and Maisee sat on a bench near a sand road.
"Now that I have been fired again, I will never get a job," wept Walter.
"Don't worry. I will help you find a perfect job. Ah! I just remembered the perfect job for you! Follow me!" bubbled Maisee.

數學

數學科於本年度參與了中文大學舉辦的「促進實踐社教以優化小學數學」支援計劃，透過課程的發展、規劃及調適、不同的教學策略，讓三年級學生培養自主學習的能力和態度。

迎來STEM新世紀 常識科起動了!

配合STEM的推廣，本校常識科在課程中逐步增加了科學科技教學元素，並致力推動探究學習，目的在強調STEM的「E」(Engineering)：由生活問題出發，強調「動手做」實踐去嘗試解決問題，再從中帶出「S」(Science)、「T」(Technology)的「理論」及輔以「M」(Mathematic)作實驗後的觀摩及記錄方法；讓學生能講解「科學探究」的要素及應有的步驟，處理問題所在→預測結果→設計探究方法→量度及紀錄→數據詮釋及再處理問題是否解決。
